...SPECIFICATION the date and time area regarding them as attribute data of
schedule data. Furthermore, the **schedule management** unit 52a reads
the voice and the **character** string stored in the transferred voice
memory 68 and in the transferred character code memory...

...string automatically and outputs with date and time associated therewith
as attribute data to the **schedule management** unit 52a. Consequently,
the invention can prevent **character** string and date and time input
errors caused by user's operations, which are often...
